WE EXPORT YOUR EXCESS: WANTED TO BUY: Updated April 15, 2015 A.D.

Haden Exports in New Orleans has specific buyers for the products listed below. Buyers for other stuff also. And if cheap enough, buyers for almost anything. Just because something is not on this list, doesn't mean we would not be interested – sent it anyway. Our primary exports markets are Mexico, Canada, and South America, plus Europe, and the Middle East.

1.) Any Products That Need To Leave The U.S. Supply Chain

We operate at 2 levels – high profile sales on our web site, and “low profile” under the radar deals where the owner of the goods does not want mistakes or excess advertised to the world. _

2.) Building Material For Domestic U.S. and Export

Doors – Prehung, Wooden, Steel, Fiberglass, Interior and Exterior

Windows – Any type

Roofing – Anything from Shingles, felt, rolled roofing, metal roofing, etc.

Flooring – Ceramic, glass tiles, wood, laminate, etc.

Cabinets – Knock down, fully assembled, vanities with tops or without.

Toilets Faucets Shower units- 2 and 3 piece units

3.) Medical Disposables For Export (not expired): Containers Only

Gloves – Masks - IV Bags – Syringes - Medical Disposable Gowns

4.) Toys For Export To Mexico and South America

No soft toys. New excess inventory only. No returns.

For Mexico Only – Country Specific Release may Be Required From Trademark Owner.

5.) Food For Export (humanitarian / NGO buyers)

Any food or candy – current or short dated. Closer to Miami the better.

6.) OS&D Freight And Abandoned Goods In 3PL Warehouses

Abandoned or unwanted freight from 3PL companies and / or public warehouses . Why let this gather dust until you need the space ? Sell it now. We can arrange purchase from you or directly from the product owner.

7.) Products With Spanish Labels Only

No Habla Spanish, your customers ? And you have goods with labels only in Spanish ? We can export whatever your product is to a country where the population can read the labels.

8.) No UPC Code – No Problem:

Any bulk products, or retail without a UPC code that can be repackaged at the destination country. We have buyers in Mexico and Canada.

9.) “Destroy In Place” Returns.

Primarily for export to Mexico. Much of this material is not cost effective to deal with – but at least maybe try to re-coup a few dollars.

10.) Waterfront Export / Import Commodities

For Example: Wood, Steel, Chemicals, Foodstuffs, Fiber, Dry Goods, Machinery, etc.

11.) Bulk Laundry Detergent

In super sacks, and any other cleaning products in bulk such as laundry pods, detergent pods, shampoo, body wash, etc. We can debrand retail for bulk purchase. Also packaging available for these products.

12.) Baby Cribs:

For export to Mexico. New or Returns

13.) Cosmetic Bags and Caps and Closures:

Or other similar packaging materials.

14.) Bulk batteries:

Not retail packaged, and especially cellophane wrapped batteries.

15.) Microwave Oven and Cordless Phone Returns:

Large on going quantities for Mexico to be refurbished.
