

**HAden Exports in New Orleans (Who Dat?) has specific buyers for the products listed below. However, most people just send us whatever surplus is in their warehouse. Haden Exports main business is the low profile export of surplus inventory outside of the U.S. supply chain. Just because something is not on this list, doesn't mean we would not be interested – sent it anyway. Our primary exports markets are Mexico, Canada, and South America, plus the U.K. We export your excess and disappear your surplus: and we have fun doing it.**

**1.) Any Products (Retail Or Bulk) That Need To Disappear From The U.S. Supply Chain:**

**We operate at 2 levels – high profile sales on our fab fun web site like no other, and “low profile” under the radar deals that are only seen by a limited number of buyers. We understand the owner of a product often does not want their mistakes advertised to the world.**

**2.) No UPC Code – No Problem:**

**Any bulk products, or retail without a UPC code that can be repackaged at the destination country. We have buyers in both Mexico and Canada.**

**3.) Amazon Dead:**

**Or slow moving inventory in large quantity, Usually a product made in China that just doesn't sell well on Amazon. And the idea is to move the inventory to a bricks and mortar retail store or export outside of the United States.**

**4.) Any Surplus Retail Inventory In Mexico FOB Anywhere In Mexico:**

**These Can Be Products That Need To Stay In Mexico, Or Be Exported Outside Of Mexico (In Either A Northern Or Southern Direction). Also, Includes Customer Returns From Walmart Mexico or Amazon Mexico (Mexico only).**

**5.) Solar Panels And Related Materials:**

**Truckload quantities only of excess product. New – Used – Or Inbetween. Offers must be FOB U.S. or Canada. Or that part of Mexico between Mexicali and TJ.**

**6.) Private Label / Store Branded Products For Export:**

**Any type of excess inventories of these products. Usually these are “export required” so as not to upset the Trademark owner by selling in the U.S.**

**7.) Disposable Razors :**

**For export outside of the U.S. to either Mexico or Canada. Truckloads only. Price is more important than brand.**

**8.) Bulk Batteries:**

**Not retail packaged, especially cellophane wrapped batteries, or bulk 200 to 500 per box.**

**9.) OS&D Freight and Insurance Claims And Abandoned Goods:**

**In 3PL Warehouses Abandoned or unwanted freight from 3PL companies and / or public warehouses . Why let this gather dust until you need the space ? Sell it now. We can arrange purchase from you or directly from the product owner.**

**10.) Products With Spanish Labels Only:**

**No Habla Spanish, your customers ? You have goods with labels only in Spanish ? We can export whatever your product to a country where the population can read the labels.**

**11.) “Destroy In Place” Returns:**

**Primarily for export to Mexico. Much of this material is not cost effective to deal with – but at least maybe try to re-coup a few dollars.**

**12.) Baby Cribs:**

**For export to Mexico. New or Returns or “other”.**

**13.) NEW and USED Industrial Automation equipment Electronic and Electrical:**

**PLC's, VFD's, Robots, Displays, Lasers, Sensors, Contacts, Starters, Breakers, Switches, Disconnects, Coils, Servo Motors, Relays, Etc Mechanical: -Hydraulic, Pneumatic, Cylinders, Bearings (pillow block, flange, etc), Gears, Sprockets,**

**Pumps (diaphragm, ram, etc), Filters, regulators, Y and butterfly valves, solenoid valve, gauges, etc**
